## Comments

- This report does not include YTD numbers. Because March was the first month in the fiscal year, the monthly financials are the same as the YTD financials.
- The reason we are showing a surplus is because some of the 1-time, annual operating expenses, like insurance for the clubhouse, have not hit the books yet. If those line items were accounted for, we were slightly over-budget in March.
- The decrease in landscaping reserves is because \$3,135 was paid out of reserves for the common area improvements in Valleywood.
